MADCOS Netball Tournament Winners

MADCOS Girls Football League Winners

MADCOS Girls Football Super Cup Winners

MADCOS Cricket Runners-up

MADCOS Tag Rugby Runners-up

MADCOS Jubilee Plate Football Runners-up

MADCOS Swimming Gala Girls Runners-up

We are delighted with the efforts and commitment of everyone who represented the school when taking part in competitions and tournaments. The school won three competitions and was runners-up in four more. Yet again, we are the only school that enter every competition and tournament organised by the Maghull and District Cluster of Schools (MADCOS)

Football

With only three Y6 players regulars in the squad, we had to rely on a few players from Y5, a lot from Y4 and on one occasion a Y3 ! Although results were disappointing, the efforts of the children who took part were commendable and the experience gained gives us hope that the next two years will be more successful. Runners-up in the Jubilee Plate was hard to take, losing out only in a penalty shoot-out.

Girls Football

The girls football team had a brilliant season, winning the girls football league, and also winning the girls super cup. A fantastic effort from everyone who played, and with only two Y6s, the majority of the team will be competing for honours again next year.

Other Events

The school netball team won the tournament held at Deyes High School. A fantastic effort from a group of players who got better and better every time they played. A very successful girls swimming team won 5 gold medals and a silver in the schools gala and there were strong performances in tag rugby and cricket events.

Individual Sports Awards

Scarlett : This girl has been exceptional in sport during her time at Melling. Her attitude and effort in every lesson, after school club, matches and competitions is reflected in her school work and she deserves every success she achieves. She played for the school in every event possible and was the captain of both the girls and the main school football team when in Y6.

Niamh: An exceptional year from Niamh who has always been fully committed to sport in school, attending every club that she can over the years. She was part of the winning netball and girls football teams, but her highlight was in swimming where she won both individual and team golds at the Maghull Schools gala.

Well done to everyone who has participated in school sport. We have some very talented children in our school and hopefully they will continue to work hard and impress as much as they have done this year.
