SUBTRACTION

<p>1)</p> <p>Taking away objects from a set up to 10</p> 	<p>2)</p> <p>Subtract using a numberline from up to 20 and beginning to record</p> 
<p>3)</p> <p>Subtract by counting back from up to 10 without a numberline</p> 	<p>4)</p> <p>Subtract a single digit from a 2-digit number up to 20 with a numberline</p> 
<p>5)</p> <p>Subtract a single digit from a 2-digit number up to 20 with a numberline</p> 	<p>6)</p> <p>Subtract by counting on with a number line</p> 
<p>7)</p> <p>Column subtraction of 2 2-digit numbers with no 'exchanging'.</p> 	<p>8)</p> <p>Column subtraction of 2 2 digit numbers with exchanging</p> 

9)

Column subtraction of 2 3-digit numbers with exchanging

$$\begin{array}{r} 4\overset{1}{\cancel{5}}3 \\ - 238 \\ \hline 215 \end{array}$$

10)

Column subtraction of 2 4-digit numbers

$$\begin{array}{r} 2\overset{1}{\cancel{8}}25 \\ - 1363 \\ \hline 1862 \end{array}$$

11)

Column subtraction of decimals to 2 decimal places.

$$\begin{array}{r} 3\overset{1}{\cancel{4}}1.35 \\ - 124.23 \\ \hline 217.12 \end{array}$$

12)

Column subtraction of 2 5-digit numbers

$$\begin{array}{r} 7\overset{1}{\cancel{8}}0\overset{3}{\cancel{4}}32 \\ - 61280 \\ \hline 19152 \end{array}$$

13)

Column subtraction up to 3 decimal places

$$\begin{array}{r} 4\overset{1}{\cancel{2}}.343 \\ - 26.817 \\ \hline 15.526 \end{array}$$
